CALL FOR REVIEWERS

Having the high level of knowledge in your research field the Editorial Team of ICAD2019 is inviting you to become a reviewer, participate in the reviewing process and make recommendations to whether a manuscript is suitable or not.

The 2nd International Conference on Architecture & Interior Design (ICAD2019) is to be held in the city of Erbil, Kurdistan, Iraq on November 4-5, 2019, under the theme of "Identity between Tradition and Innovation". The event is organized by Tishk International University.

It addresses mainly to academicians, researchers and also to other specialists in adjacent fields of research that focus their attention on general and particular issues related to Architecture and Interior Design.

The editorial board of the ICAD2019 would like to express its gratitude for your contribution to our conference.

Please confirm below whether you are willing to become part of our team of reviewers.

Thank you for your consideration.

Field of expertise (subject area); please identify the subjects you would like to review in the attached link: <https://www.ishik.edu.iq/conf/icad/>

Account Application Received

We received your application. A mail with further instructions has been sent to the email address farah.maysan@ishik.deu.iq.

If You Do not Receive the Instructions

If you do not receive our email with instruction on how to create an account, please read the following information.

Our mail server normally sends all mail within a few seconds. The following is an incomplete list of possible reasons for the problem.

Incorrectly typed email address

This is still the most likely cause of delays.

Slow mail processing

Some mail servers process mail for a long time. For example, your mail server may spend a lot of time checking incoming mail for spam.

"Reply-me" mail protection.

Some mailers, when receiving an email from an unknown sender, ask the sender to send a mail with specific content to ensure that it has been sent by a human. Account-related emails in EasyChair are sent by a computer program, so if your email address uses such a protection, you will never receive our mail. If you have such a protection and it is configurable, configure it to accept email from the domain easychair.org.

Mailbox problems and quotas

Some emails sent by EasyChair bounce back because the recipient mailbox is over quota.

Anti-spam filters

It is possible that your spam filters will classify our email as spam. Please check your spam mail boxes.

General connection problems

There might be general connection problems, for example your mail server may be unreachable for a long time.

Unfortunately, we have no resources to cope with all possible kinds of mail server (mis)behavior. If you believe you have a problem related to your mail server and want to solve it quickly, either contact your system administrators or try to get and use an email address from one of major mail hosts, such as a Google Mail, Yahoo Mail, or Hotmail. You will be able to change your email address

Now you can log in to EasyChair

Alerts

Alerts are used in EasyChair to attract your attention to something that requires your response. They are normally created as a result of actions of other people. For example, when somebody asks you to make a review, a subreviewer alert will appear amongst your alerts.

For nearly each of these alerts, you can remove them either by making your response to the alert or simple dismissing the alerts without a response.

You alerts are shown and explained below. Follow the "view" link to view or respond to them. If you do not want to a particular alert at all, click on its "dismiss" column.
