5th National Tishk Pharmaceutical Conference

Theme: “Role of Kurdish Medicinal Plants in Achieving Sustainable Development Goals (SDG-3): Good Health and Well-Being”

The Organizing Faculty: Pharmacy	The Partner University:
Date(s) of the Event: APRIL 21-22, 2025	Venue of the Event: <i>Pharmacy Faculty, Education Building, Tishk International University</i>
The Main Sponsor:	Other Sponsors: • <i>Tishk International University</i> • <i>Mass Group Holding</i> • <i>Khosnaw Holding</i> • <i>Amr Lab</i> • <i>Kawkab Group</i> • <i>Jabal uhod Co.</i> • <i>Clinica Medical Group</i> • <i>Nedens Paris</i> • <i>Farhang Medical</i>

PROGRAM SCHEDULE		
DATE	HOUR	EVENT: 1ST DAY (21st April 2025) Venue: Dedeman Hotel
21st April 2025	09.00 – 09.30	Registration
	09.30- 09.40	Opening Ceremony at Dedeman Hotel
	09.40- 09.45	Introducing the Event Dr. Mohd Javed Naim , HoD, Pharmacy Department
	09.45- 09.55	National Anthem both
	09.55- 10.05	Promotional Videos
	10.05 – 10.15	Welcome Speech by Assistant Prof. Dr. Idris Hadi , Head of Board of Trustees
	10.15 – 10.20	Welcome Speech by Prof. Dr. Sultan Abu Orabi the President, Tishk International University, Erbil, Iraq
	10.20- 10.25	Opening Address by Assistant Prof. Dr. Abdul Samad Salahuddin , Dean of Pharmacy Faculty, Tishk International University, Erbil, Iraq
	10.25- 10.30	Speech by VIP X
	10.30- 10.35	Speech by VIP Y
	10.35- 10.40	Ceremony for Plaques distribution to Rectorate and Sponsors
	SESSION CHAIR: DR. SUBASINI UTHIRAPATHY	
	10.40- 11.10	Keynote Speech 1: Prof. Dr. Azeez A. Barzinjy , Professor, Soran University, Kurdistan Region Iraq. Title: Harnessing Plant Power: A Sustainable Approach to Nanoparticle Synthesis.
	11.10 – 11.40	COFFEE BREAK

	EVENT BRIEF		Document No	TIU.FA.FR.514
			Validity Date	03/01/2021
			Revision No	01
	Unit	Faculty of Pharmacy	Page No	2

	11.40 – 12.10	Keynote Speech 2: Prof. Dr. Salah Tofik Balaky , Professor, Department of Molecular Microbiology, Hawler Medical University, Erbil, Iraq Title: Gene expression profiling using RT-PCR in the Investigation the Effect of Medicinal plant extracts on Toxin Gene Expression in Bacteria, Example: <i>Salvadora persica</i> on growth and virulence gene expressions in <i>Streptococcus mutans</i>
	SESSION CHAIR: DR. AHMAD HAMDY IBRAHIM	
	12.10 – 12.40	Speaker-1: Assistant Prof. Dr. Lana Yousif Mutalib Job Title of the Speaker: Assistant Professor, College of Pharmacy, Hawler Medical University, Erbil, Iraq Title: Complementary and Alternative Medicine.
	12.40 – 1.30	LUNCH BREAK
	SESSION CHAIR: DR. KAMRAN JAVED NAQUVI	
	1.30 – 2.00	Speaker-2: Prof. Fatma M. Abdel Bar , Professor, College of Pharmacy, Prince Sattam Bin Abdulaziz University, Saudi Arabia; and Faculty of Pharmacy, Mansoura University, Egypt (Permanent affiliation). Title: Natural Products: Challenges and Opportunities
	2.00 – 2.30	Speaker-3: Mrs. Sawsan S. Al-Rawi , Lecturer, Biology Education Department, Faculty of Education, Tishk International University, Erbil, KRG, Iraq Title: Natural Therapeutic Interventions for Women's Health: A Holistic Approach to Endocrine and Hormonal Regulation
	2.30 – 3.00	Speaker-4: Dr. Fahad Abdulwahab Jameel , Lecturer in Hematopathology, University of Duhok, Hematopathologist, AmrLab Medical Laboratories. Title: The Role of Genetic Testing in the Development and Clinical Utilization of Targeted Therapy Medications in Cancer.
	03.00 – 03.30	1st Day Closing Ceremony and certificate distribution
	DATE	EVENT: 2ND DAY (22nd April 2025) Venue: 302 Education Building, TIU
22nd April 2025	09.00 – 09.30	Registration
	09.30- 09.40	Opening Ceremony at Faculty of Pharmacy
	09.40- 09.45	Introducing the Event
	09.45- 09.55	National Anthem both
	09.55- 10.05	Promotional Videos
	10.05 – 10.10	Welcome Speech by Prof. Dr. Sultan Abu Orabi , the President, Tishk International University, Erbil, Iraq
	10.10 – 10.20	Opening Address by Assistant Prof. Dr. Abdul Samad Salahuddin , Dean of Pharmacy Faculty, Tishk International University, Erbil, Iraq
	SESSION CHAIR: DR. MOHD JAVED NAIM	
	10.20 – 10.50	Keynote speech 3: Dr. Javed Ahamad , Assistant Professor, Department of Pharmacognosy, Faculty of Pharmacy, Tishk International University, Erbil, Iraq. Title: Role of Kurdish Medicinal Plants in Achieving Sustainable Development Goals: Good Health and Well-Being.
	10.50 – 11.20	Speaker-5: Dr. Subasini Uthirapathy , Assistant Professor, Department of Pharmacology, Faculty of Pharmacy, Tishk International University, Erbil, Kurdistan Region, Iraq.

	EVENT BRIEF		Document No	TIU.FA.FR.514
			Validity Date	03/01/2021
			Revision No	01
	Unit	Faculty of Pharmacy	Page No	2

		Title: Pomegranate as a natural remedy for gastric ulcers prevention: Gastroprotective mechanisms and pharmacological benefits.
11.20 – 11.40		COFFEE BREAK
		SESSION CHAIR: DR. SHAJWAN SALAR
11.40 – 12.00		Speaker-6: Dr. Kamran Javed Naquvi , Assistant Professor, Department of Pharmacognosy & Phytochemistry, Tishk International University, Erbil, Iraq Title: Ethnopharmacological Study of Medicinal Plants Used in the Kurdistan Region of Iraq
12.00 – 12.20		Speaker-7: Dr. Ahmad Hamdy Ibrahim , Lecturer, Department of Pharmacy, Tishk International University, Erbil, Iraq. Title: Pan-Cathepsin Impact: Lauric Acid's Role in Liver Histopathology and FVCO's Neuroprotective Potential.
12.20 – 12.40		Speaker-8: Dr. Soma Majedi , Lecturer, Department of Pharmacy, Tishk International University - Erbil, Kurdistan Region, Iraq Title: Synergistic Antimicrobial Effects of Kurdish Medicinal Plants: Damask Rose, Thyme, and <i>Stachys lavandulifolia</i> .
12.40 – 2.00		LUNCH BREAK
2.00 – 2.20		Speaker 9: Mohammad Javed Naim , Assistant Professor, Department of Pharmaceutical Chemistry, Tishk International University, Erbil, Iraq Title: Hyphenated Techniques: Applications in analysis of bioactive phytochemicals.
2.20 – 3.30		POSTER SESSION
3.30 – 4.00		2nd Day Closing Ceremony and certificate distribution

Keynote Speakers biography	
Name of the Speaker: Prof. Dr. Azeez A. Barzinjy Job Title of the Speaker: Professor, Soran University, Kurdistan Region Iraq, <i>Email:</i> azeez.azeez@soran.edu.iq	
Prof Dr Azeez Abdullah Barzinjy: was born in Erbil-Iraq. He received his BSc. (Physics) and his 1st M.Sc. (Superconducting transmission line) from the University of Salahaddin-Erbil in 1998 and 2004, respectively. He did another M.Sc. (Theoretical Physics) in 2009 at Old Dominion University in USA. He completed his PhD (Materials Science) at the Materials Science Centre, University of Leicester/UK in 2014. He is currently full Professor at Soran University in Iraq. He participated in many international and local conferences as a keynote speaker, and he published more than 130 highly impact scientific articles. He has more than 2750 citations and his h-index is 29. His current research interests include Green Synthesis of Nanoparticles, NPs electroplating from novel ionic liquids and investigating their properties, solar selective coating, surface plasmon resonance and nanotechnology. He is currently supervising several master and PhD students in different universities. Recently Stanford University listed his name among 2% of the world scientists in the Materials Science Field in 2023 and 2024 respectively. He is member of:

- 1- American Physical Society since 2008.
- 2- American Chemical Society since 2011.
- 3- Royal Society of Chemistry since 2011.
- 4- Leicester ionic liquids group since 2011.
- 5- International Nanotechnology association since 2019.
- 6- International Association for Engineering & Technology since 2020.

Keynote Speakers biography	
Name of the Speaker: Prof. Dr. Salah Tofik Balaky Job Title of the Speaker: Professor, Department of Molecular Microbiology, Hawler Medical University, Erbil, Iraq, Email: salah.balaky@hmu.edu.krd	
Dr. Salah Tofik Balaky is a Professor in the Department of Molecular Microbiology, Hawler Medical University, Erbil, Iraq. He has a PhD degree in Molecular Microbiology from Durham University, UK (2011). He held many positions like: Head of Medical Microbiology Department since 2018 at Hawler Medical University, Director of Carrere Development Center/ Hawler Medical University from 2016-2021, Teaching at Hawler Medical University several subjects: Molecular Microbiology, Medical Bacteriology, Microbiology, Antimicrobial, Teaching at Tishk International University. He has published several articles in National and International high-impact factor journals.	

Keynote Speakers biography	
Name of the Speaker: Dr. Javed Ahamad Job Title of the Speaker: Assistant Professor, Department of Pharmacognosy, Faculty of Pharmacy, Tishk International University, Erbil, Kurdistan Region, Iraq, Email: javed.ahamad@tiu.edu.iq	
Dr. Javed Ahamad is an Assistant Professor at the Department of Pharmacognosy, Faculty of Pharmacy, Tishk International University, Erbil, Iraq. He received his Doctorate in Pharmacognosy & Phytochemistry from the School of Pharmaceutical Education and Research, Jamia Hamdard, New Delhi (India). After his PhD, he joined Mettu University, Mettu, Ethiopia as an Assistant Professor. He has more than 13 years of experience in academia and industry. He has worked as a Junior Research Fellow (JRF) and Senior Research Fellow (SRF). He has published more than 93 high-quality research and reviewed articles in peer-reviewed journals of international repute. He is the author of three books (Analysis of Food Spices: Identification and Authentication. CRS Press, Taylor & Francis Group, 2023, ISBN 9781032246840; Bioactive Compounds of Edible Oils and Fats: Health Benefits, Risks, and Analysis. CRS Press, Taylor & Francis Group, USA, 2024. eBook ISBN9781003450719; and Bioactive Phytochemicals: Drug Discovery to Product Development. Bentham Science Publisher, 2021; ISBN: 978-981-14-6446-1) and

published 51 book chapters for edited books and book series. He is a reviewer of many peer-reviewed journals of international repute. His current research interest lies in medicinal plants as a source of potential drugs, standardization of herbal drugs, and the isolation, and characterization of bioactive phytochemicals.

Name of the Speaker: Prof. Fatma M. Abdel Bar

Job Title of the Speaker: Professor of Pharmacognosy, College of Pharmacy, Prince Sattam Bin Abdulaziz University, Saudi Arabia; and Faculty of Pharmacy, Mansoura University, Egypt (Permanent affiliation). Email: f.abdelbar@psau.edu.sa

Prof. Dr. Fatma M. Abdel Bar is a Professor of Pharmacognosy at both Prince Sattam bin Abdulaziz University (PSAU) in Saudi Arabia and Mansoura University in Egypt. She earned her Ph.D. in Pharmacognosy through a joint program between Mansoura University and the University of Louisiana at Monroe, USA, in 2010. She has several publications in reputable journals. She has an h-index of 18 and an i10-index of 29, with a total of 1,057 citations. Her research primarily focuses on natural products, phytochemistry, and pharmacognosy with focus on the chromatographic isolation, spectral characterization, biological evaluation, and drug discovery of bioactive natural compounds. She also used computer-aided drug design (CADD) tools to explore and optimize the interactions between natural compounds and biological targets. Her research also supports the sustainable production of valuable phytochemicals by elicitation and tissue culture techniques. Her current research focuses on validating the traditional uses of natural products through evidence-based pharmacological studies.

Name of the Speaker: Dr. Kamran Javed Naquvi

Job Title of the Speaker: Assistant Professor, Department of Pharmacognosy, Faculty of Pharmacy, Tishk International University, Erbil, Kurdistan Region, Iraq, Email: kamran.javed@tiu.edu.iq

Dr. Kamran is an Assistant Professor in the Department of Pharmacognosy and Phytochemistry at the Faculty of Pharmacy, Tishk International University, Erbil, Iraq. He is a dedicated academician, researcher, and professional in Pharmacognosy and Phytochemistry. He earned his Master of Pharmacy in 2009 under the supervision of Prof. Mohammad Ali and his Ph.D. in 2015 under Prof. S. H. Ansari from Jamia Hamdard (Hamdard University, NIRF Rank 1), New Delhi, India. With over 15 years of diverse experience in teaching and research, he has made significant contributions to the field. Dr. Kamran has published 78 research and review articles in esteemed national and international journals, along with 32 ICMR monographs, three books, and ten book chapters in pharmaceutical sciences. He has actively participated in numerous national and international conferences and qualified for the Graduate Aptitude Test in Engineering (GATE), National Level exam for Pharmacy in 2007.

Name of the Speaker: Dr. Subasini Uthirapathy

	EVENT BRIEF		Document No	TIU.FA.FR.514
			Validity Date	03/01/2021
			Revision No	01
	Unit	Faculty of Pharmacy	Page No	2

Job Title of the Speaker: Assistant Professor, Department of Pharmacology, Faculty of Pharmacy, Tishk International University, Erbil, Kurdistan Region, Iraq, Email: subasini.uthirapathy@tiu.edu.iq

Dr. Subasini is Asst. Prof. of Pharmacology. She has completed Ph.D. in Pharmacology and Toxicology in SASTRA University, Thanjavur, Tamil Nadu, India. She has more 15 years teaching and research experience in herbal plants. She has gained knowledge of Drug Testing Laboratory in -charge for 2004 to 2008 Sponsored by AYUSH, Govt. of India. She has completed successfully funding project, as Principle investigator particularly on Leucoderma, Arthritis, and Coronary Heart disease sponsored by the Department of Science and Technology, Govt. of India and M/s. Orchid Fine Pharmaceuticals, Chennai. She undergone short term training courses on GLP Up-keep of animal house organized by DST, Govt. of India. She has published 45 research articles in national and international referred journals. She was the co-author of a text book in Biopharmaceutics and Pharmacokinetics published by New Academic Publishers, New Delhi. She has taken Patent on Rheumatoid arthritis and applied one more on Leucoderma and she is also organized International level of 31st Annual Conference of IABMS in the capacity of organizing secretary. She obtained on two occasions best paper presentation awards Dr. Yellapragada Subba Rao Memorial Award for the best research paper. She guided 46 M. Pharm, 13 MBBS theses and 4 Ph.D theses. She got Fellow of the Indian Association of Biomedical Scientists (FABMS) and External Examiner and question paper setter in various Universities.

Name of the Speaker: Mrs. Sawsan S. Al-Rawi

Job Title of the Speaker: Lecturer, Biology Department, Faculty of Education, Tishk International University, Erbil, Kurdistan Region, Iraq, Email: sawsan.hamed@tiu.edu.iq

Sawsan Al-Rawi is a lecturer at Tishk International University. She is passionate about exploring the effect of natural products in treating disease. Her research interest goes beyond that to explore the antioxidants, pharmacological and biological properties of medicinal plants, and the antiangiogenic and anticancer efficacy of natural and synthetic products. She has a track record of numerous publications in esteemed journals and is well-regarded as an invited speaker at national and international conferences. Furthermore, she serves as an editor and reviewer for several prestigious journals such as BMJ Open, Pharmacological Research & Natural Products, and others.

Name of the Speaker: Dr. Soma Majedi

Job Title of the Speaker: Lecturer, Pharmacy Department, Faculty of Pharmacy, Tishk International University, Erbil, Kurdistan Region, Iraq, Email: soma.majedi@tiu.edu.iq

	EVENT BRIEF		Document No	TIU.FA.FR.514
			Validity Date	03/01/2021
			Revision No	01
	Unit	Faculty of Pharmacy	Page No	2

Dr. Soma was born in Iran. She has finished her Ph.D. course in Organic Chemistry (Biosynthesis) from Buali Sina University (2018) in Hamadan-Iran and got her master's degree in Heterocyclic Compounds in Alzahra University (2006) Tehran-Iran. She started her academic teaching at Payam Noor University in Iran (2006) as an assistant lecturer for 6 years. She also has teaching experience in 2019 at University of Human Development (Sulaymaniyah) for 2 years, and since 2021 has been working at Tishk International University as a researcher. By conducting laboratory research, joining the forum Iranian chemical society, and writing 31 papers (getting 708 citations) on the synthesis of bioactive organic products, she has been able to take promising measures toward a bright future in which chemistry can be used more and more in the service of medical science to cure diseases. Her research interest lies in the synthesis and identification of novel heterocyclic compounds with medicinal properties, oxidation reactions & polymerization, biochemistry & clinical chemistry & medicinal chemistry, quality control, metal-organic frameworks (mof), and natural products.

Name of the Speaker: Dr. Ahmad Hamdy Ibrahim

Job Title of the Speaker: Lecturer, Pharmacy Department, Faculty of Pharmacy, Tishk International University, Erbil, Kurdistan Region, Iraq, Email: ahmad.hamdy@tiu.edu.iq

Dr. Ahmad has a Ph.D. in Molecular Pharmacology, Universiti Sains Malaysia (2015). His research expertise includes gene cloning, molecular pharmacology, immunology, neuropharmacology, and drug discovery. His primary interest lies in neuroprotection and cellular signaling, particularly in developing therapeutic approaches for neurodegenerative diseases. Member, International Relations Office (IRO) Committee, Tishk International University. Member, Scientific, Organizing, and Funding Committees for conferences and workshops. Co-authored over 50 publications in peer-reviewed journals and conference abstracts. Editor for the *Journal of Angiotherapy* and reviewer for *LWT - Food Science and Technology*. Active contributor to public health literature in Kurdish and Arabic on various health issues. Dr. Ahmad is recognized as one of the top 100 researchers in the Kurdistan Region's public universities. He has received several certificates of appreciation for his outstanding contributions to research and education. With extensive expertise in molecular pharmacology, toxicology, immunology, neuropharmacology, and gene cloning, Dr. Ahmad is dedicated to mentoring students and advancing academic development. He has held significant leadership roles, including serving as the Former Head of the Medical Education Department at the College of Medicine, Former Director of the International Relations Office at Zakho University, and currently as Head of the International Relations Office at the Faculty of Pharmacy, Tishk International University. He also advisory member in the student exchange programs at the Faculty of Pharmacy, Tishk International University.

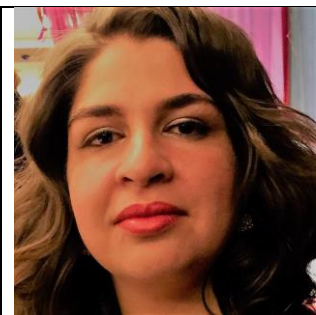

Name of the Speaker: Assistant Prof. Dr. Lana Yousif Mutalib

Job Title of the Speaker: Assistant Professor, College of Pharmacy, Hawler Medical University, Erbil, Iraq, Email: lane.juee@hmu.edu.krd

	EVENT BRIEF		Document No	TIU.FA.FR.514
			Validity Date	03/01/2021
			Revision No	01
	Unit	Faculty of Pharmacy	Page No	2

Lana Yousif Mutalib is a pharmacist working in pharmacy college\HMU. Born and raised in Erbil city. I earned a bachelor's degree in pharmacy from Pharmacy College-Salahaddin University 2004. Later she pursued Master in 2010 and Ph.D. degree in 2020 in Pharmacognosy at Pharmacy College, HMU. I have been in Pharmacy college\HMU since 2006 filling different academic and executive positions. She is a member in Hawler pharmacists' syndicate.

Name of the Speaker: Dr. Fahad Abdulwahab Jameel

Job Title of the Speaker: Lecturer in Hematopathology, University of Duhok, Hematopathologist, AmrLab Medical Laboratories. Email: Fahad.jameel@uod.ac

Dr. Fahad Abdulwahab Jameel is a lecturer at the University of Duhok, and a Hematopathologist, at AmrLab Medical Laboratories. Dr. Fahad Abdulwahab Jameel is a distinguished academic and medical professional specializing in hematopathology. He serves as a lecturer in Hematopathology at the University of Duhok and is also a practicing hematopathologist at AmrLab Medical Laboratories. He holds an MBChB from the College of Medicine, University of Mosul, an MSc in Hematopathology from the University of Mosul, and an FKBMS in Hematopathology from the Kurdistan Board of Medical Specialties.

Dr. Jameel has been a speaker and attendee at numerous national and international conferences, showcasing his expertise and contributing to advancements in his field. He is actively involved in professional societies, being a member of the Iraqi Society of Hematology, the Iraqi Society of Hematopathology, and the Kurdistan Pathology Society.

His areas of expertise include hematology, pathology, biochemistry, and clinical nutrition. He engages in research, contributing to studies addressing iron deficiency in populations and the molecular epidemiology of alpha thalassemia mutations. His dedication to teaching and mentoring students is widely recognized, along with his significant contributions to the medical field.

Brief Information about the Event

Total number of Event submitted manuscripts/ Total number of registered persons in the Event	165
Main countries the manuscripts submitted from for the Event / Main countries the registered persons in the Event are from	Iraq, India, and Saudi Arabia
The main tracks of the Event	Track 1: 11 presentation Track 2: 43 posters

	EVENT BRIEF		Document No	TIU.FA.FR.514
			Validity Date	03/01/2021
			Revision No	01
	Unit	Faculty of Pharmacy	Page No	2

Submitted and Accepted Papers/ Abstracts	Track	No. of submitted papers/ abstracts: 43 No. of accepted papers/ abstracts: 43
Expected number of attendees		165
Main invitees		Ministry of Higher Education, Pharmacy Syndicates, Rectorate, Dean and HODs
Other information about the Event: Pharma exhibition and poster presentation.		

5TH NATIONAL TISHK PHARMACEUTICAL CONFERENCE (5TH NTPC-2025; 21-22, April 2025)

The National Tishk Pharmaceutical Conference (NTPC) is an annual scientific platform organized by the Faculty of Pharmacy at Tishk International University. Now in its 5th edition, NTPC continues to provide a space for sharing scientific ideas, promoting pharmaceutical research, and engaging in meaningful dialogue about the future of healthcare and medicine.

This year, the conference will be held over two days. First day sessions (21st April) will be conducted at Dedeman Hotel, and on the second day (22nd April) we will continue the program at the Education Building of Tishk International University.

The theme of NTPC 2025 is: ***“The Role of Kurdish Medicinal Plants in Achieving Sustainable Development Goals (SDG-3): Good Health and Well-Being.”***

This theme highlights the potential of our region’s rich botanical resources to contribute to better health outcomes, natural product-based therapies, and sustainable healthcare solutions. Our aim is to encourage scientific exploration rooted in local knowledge while addressing global health priorities.

Highlights of Conference:

- Keynote presentations: 3
- Guest speakers: 8
- Pharma exhibition: 8 companies
- Poster presentations: 43 posters

Event Details:

Venue I: Dedeman Hotel, Erbil

Date: Monday, April 21, 2025

Time: 09:30 AM

Venue II: Room 302, Education building

Date: Tuesday, April 22, 2025

Time: 09:30 AM

	EVENT BRIEF		Document No	TIU.FA.FR.514
			Validity Date	03/01/2021
			Revision No	01
	Unit	Faculty of Pharmacy	Page No	2

ABOUT CONFERENCE

National Tishk Pharmaceutical Conference (NTPC) 2025 is the 5th National Conference on Pharmaceutical Sciences Organized by the faculty of Pharmacy, Tishk International University, Erbil, Kurdistan Region, Iraq, and focused on the role and potential of Kurdish medicinal plants in achieving health benefits, economy and maintaining the environment with special focus to achieve sustainable development goals with the Theme ***“Role of Kurdish Medicinal Plants in Achieving Sustainable Development Goals (SDG-3): Good Health and Well-Being”***.

Kurdistan region in Iraq is surrounded by several mountains and these mountains are a rich source of medicinal and aromatic plants. Kurdish traditional diet includes many plants such as *olives, parsley, coriander, turmeric, cumin, black paper, clove, and sumac*, etc., for their culinary uses and therapeutic benefits. In addition, several essential oil-containing plants in the Kurdistan region grow abundantly, such as *rosemary, thymus, pelargonium, rose, chamomile, santolina, mint, lavender, eucalyptus*, etc. Kurdish medicinal plants have been reported for their role and potential in the prevention and treatment of many diseases like olive (psoriasis, diabetes, CVD, etc.), sumac (hypertension), rhubarb (constipation), parsley (kidney stone, anemia), thyme (rheumatism, digestive disorders), walnut (diabetes, antiseptic), fenugreek (diabetes, dyspepsia), nettle (diabetes, cancer), sage (cough), basil (fever, digestive problems), horsetail (diuretic), watercress (diuretic, expectorant), chicory (diabetes), etc.. Besides these medicinal plants, numerous fruits, berries, vegetables, and cereal plants are abundantly growing in Kurdistan contributing to the nutrition and economy of Kurdistan and maintaining the environment. This conference aims to explore the therapeutic benefits of Kurdish medicinal plants, and their contribution to the Kurdish economy and achieving sustainable development goals for Good-Health and Well-Being.

GOAL OF THE CONFERENCE

- The goal of NTPC 2025 is to deliver an outstanding program for exchanging ideas and authoritative views by leading scientists of the pharmaceutical arena covering the entire spectrum of research in traditional and modern drug discovery by sharing their experiences concerning the exemplary transference in drug discovery and development.
- The NTPC 2025 specially focused on the role of Kurdish medicinal plants in Good Health and Well-Being (SDG-3).
- To gather scientific experts from every corner of the nation with the aim, of catalyzing and advancing scientific knowledge about the current drug discovery, presenting recent research findings, and promoting scientific collaborations around the region.
- NTPC 2025 also aims to provide a platform to develop cross-cultural relationships.
- To bring together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address the regional, national, and local responses to society and overcome barriers that limit access to health care and services (SDG-17).

OUTCOMES OF THE CONFERENCE

After participating in this conference, attendees should be able to:

- Explore the therapeutic benefits of Kurdish medicinal and aromatic plants.
- Discuss the contribution of medicinal plants to the Kurdish economy.
- Discuss the drug discovery cascade in general.
- Differentiate the traditional and modern drug discovery processes.
- Discuss the role of modern tools and techniques in drug discovery.
- Discuss emerging trends and Challenges in Drug Formulation & Drug Delivery.

	EVENT BRIEF		Document No	TIU.FA.FR.514
			Validity Date	03/01/2021
			Revision No	01
	Unit	Faculty of Pharmacy	Page No	2

- Discuss and apply recent research findings related to Drug Discovery, Development & Formulation.

SCOPE OF THE CONFERENCE

This conference is designed to attract scientific leaders from the following areas:

- Traditional Medicines and Herbal Therapy
- Drug Discovery and Development
- Phytochemistry & Natural Products
- Ethnopharmacology & Ethnobotany
- New Frontiers in Pharmacology
- Ethnopharmacology
- Drug Discoveries in major health areas such as Diabetes, CVD, Cancer, Malaria, Obesity, etc.

EXPECTED ATTENDEES:

- Pharmacy and Health Sciences Academic Staff
- Pharmaceutical R & D scientists
- Pharmacy Students and Scholars
- Pharmacists
- Pharmaceutical Industry professionals
- Medical Professors
- Clinical Data Scientists and Analysts
- Clinical Laboratory Scientists
- Pharmaceutical companies' representatives
- Pharmaceutical association members.

<https://pharmacy.tiu.edu.iq/faculty-of-pharmacy-at-tishk-international-university-organized-the-5th-national-tishk-pharmaceutical-conference/>

The Faculty of Pharmacy at Tishk International University organized a two-day conference under the theme "The Role of Kurdish Medicinal Plants in Achieving Sustainable Development Goals (SDG 3): Good Health and Well-Being." The first day of the event was held at the Dedeman Hotel, while the second day took place at Faculty of Pharmacy, TIU.

1st Day (Dedeman Hotel)

The conference commenced with a welcome speech by Asst. Prof. Dr. Mohammed Javed, Head of the Pharmacy Department, who greeted the attendees and introduced the event. Prof. Dr. Muhammed Kalar, Representative of the Minister of Higher Education, also welcomed participants and spoke about the conference theme, highlighting the global significance of herbal plants and their strong alignment with SDG-3.

Asst. Prof. Dr. Muhammed Ozdemir, Vice President of TIU, expressed his appreciation for the efforts of the Faculty of Pharmacy in organizing the event and emphasized the growing importance of herbal medicines. Asst. Prof. Dr. Abdulsamad Salahuddin, Dean of the Faculty of Pharmacy, extended a warm

	EVENT BRIEF		Document No	TIU.FA.FR.514
			Validity Date	03/01/2021
			Revision No	01
	Unit	Faculty of Pharmacy	Page No	2

welcome to the audience and provided an overview of the faculty's accomplishments, including its various activities, workshops, and the recent AHPGS accreditation achievement.

The first session was chaired by Asst. Prof. Dr. Subasini Uthirapathy, who invited the keynote speaker, Prof. Dr. Azeez A. Barzinjy, to deliver a seminar entitled *"Harnessing Plant Power: A Sustainable Approach to Nanoparticle Synthesis."* The second keynote speaker, Prof. Dr. Salah Tofik Balaky, presented insights on *"Gene Expression Profiling Using RT-PCR to Investigate the Effects of Medicinal Plant Extracts on Bacterial Toxin Gene Expression."*

The second session was led by Dr. Ahmad Hamdy, who welcomed Asst. Prof. Dr. Lana Yousif, presenting her seminar entitled *"Complementary and Alternative Medicine."*

The third session was chaired by Dr. Kamaran Javed, who initiated an online Zoom session with Prof. Fatma M. Abdel Bar, who gave a seminar entitled *"Natural Products: Challenges and Opportunities."* Following her, Mrs. Sawsan S. Al-Rawi delivered a talk on *"Natural Therapeutic Interventions for Women's Health: A Holistic Approach to Endocrine and Hormonal Regulation."* The final speaker, Dr. Abdulwahab Jameel, presented his seminar entitled *"The Role of Genetic Testing in the Development and Clinical Utilization of Targeted Therapy Medications in Cancer."*

Certificates of appreciation were awarded to sponsors, speakers, organizers, and volunteers. Additionally, the top three students from the Faculty of Pharmacy were recognized and awarded certificates for their outstanding academic achievements. The conference also included coffee breaks and a lunch session, allowing attendees to network and engage in further discussions.

2nd Day (Faculty of Pharmacy, TIU)

The day began with a warm welcome by Asst. Prof. Dr. Abdulsamad Salahuddin, Dean of the Faculty of Pharmacy. He provided a brief summary of the first day's events held at the Dedeman Hotel and reiterated the conference's alignment with Sustainable Development Goal 3 (SDG 3): Good Health and Well-Being. He also expressed his sincere appreciation to all organizers, speakers, and attendees for their valuable contributions.

Dr. Marwan, representative of the Iraqi Syndicate, extended his gratitude to the organizers for hosting such a timely and impactful conference. He emphasized the historical significance and potential of traditional herbal medicine in public health.

The first session was chaired by Asst. Prof. Dr. Mohammed Javed Naim, Head of the Pharmacy Department. He invited Asst. Prof. Dr. Javed Ahamad to present his seminar entitled *"The Role of Kurdish Medicinal Plants in Achieving Sustainable Development Goals: Good Health and Well-Being."* Following this, Asst. Prof. Dr. Subasini Uthirapathy delivered an insightful presentation entitled *"Pomegranate as a Natural Remedy for Gastric Ulcer Prevention: Gastroprotective Mechanisms and Pharmacological Benefits."*

The second session was chaired by Asst. Lecturer Dr. Shajwan Salar. The first speaker, Asst. Prof. Dr. Kamaran Javed, delivered a seminar on the *"Ethnopharmacological Study of Medicinal Plants Used in the Kurdistan Region of Iraq."* He was followed by Dr. Ahmad Hamdy, Lecturer, who presented his seminar entitled *"Pan-Cathepsin Impact: Lauric Acid's Role in Liver Histopathology and FVCO's Neuroprotective Potential."* The session concluded with a presentation by Dr. Soma Majidi, Lecturer, who discussed *"Synergistic Antimicrobial Effects of Kurdish Medicinal Plants: Damask Rose, Thyme, and Stachys lavandulifolia."*

	Unit	Faculty of Pharmacy	Page No	2

The final segment of the day was a poster session, featuring the graduation projects of fifth-year pharmacy students. This provided a platform for students to showcase their research and engage with professionals in the field.

The 2nd day session ended with a closing speech by Asst. Prof. Dr. Mohammad Javed Naim.

Remember, this isn't the end—it's just the beginning of continuing the conversations, building the relationships, and turning the insights, we've gained into actionable change in our respective fields.

Thank you again for your participation, and I hope to see all of you at our future events.
