 - Arab International Foundation for Education Development, Jordan.

- THE OBJECTIVES OF THE CONFERENCE**
- The SHAPE international conference aims to:
1. Investigate the societal future through the transformative capabilities of Artificial Intelligence (AI), emphasizing its growing importance in daily life and its potential to encourage innovation across critical sectors.
 2. Bring together researchers, practitioners, educators, politicians, and industry leaders to highlight emerging AI applications, innovative research, and visionary projects that will influence the future.
 3. Showcase important research in machine learning, powerful AI models, and smart system designs.
 4. Support AI-based health and wellness solutions.
 5. Facilitate the transformation of education through AI.
 6. Promote Innovation in finance, business, and decision making.
 7. Support the use of AI in enhancing sustainable environmental practices, social responsibilities, and good governance.

MAIN RESULTS/OUTCOMES OF THE CONFERENCE

The SHAPE2025 International Conference provided significant outcomes that highlight the increasing importance of AI in influencing the future.

1. The conference clearly showed the essential importance of AI in modern life, highlighting its influence on education, healthcare, finance, and data-informed decision-making. In acknowledgment of its success, the conference will be established as an annual event to facilitate ongoing dialogue, knowledge exchange, and innovation in the field of AI.
2. The commitment to enhancing international cooperation through collaborations with highly respected universities, research institutions, and international organizations. These collaborations will improve the conference's scientific standard, international scope, and interdisciplinary influence.
3. The conference highlighted robust support for researchers by offering technological support to promote the publication of accepted papers in indexed databases.
4. The conference highlighted the importance of ethical, transparent, and responsible use of artificial intelligence. Participants addressed the importance of incorporating ethical principles, responsibility, and sustainability into AI research.

THE RECOMMENDATIONS OF THE CONFERENCE (SHOULD BE SENT TO MHE/ GENERAL DIRECTORATE OF RESEARCH AND DEVELOPMENT)

1. The conference clearly showed the essential importance of AI in modern life, highlighting its influence on education, healthcare, finance, and data-informed decision-making. In acknowledgment of its success, the conference will be established as an annual event to facilitate ongoing dialogue, knowledge exchange, and innovation in the field of AI.
2. The commitment to enhancing international cooperation through collaborations with highly respected universities, research institutions, and international organizations. These collaborations will improve the conference's scientific standard, international scope, and interdisciplinary influence.
3. The conference highlighted robust support for researchers by offering technological support to promote the publication of accepted papers in indexed databases.
4. The conference highlighted the importance of ethical, transparent, and responsible use of artificial intelligence. Participants addressed the importance of incorporating ethical principles, responsibility, and sustainability into AI research.

PARTICIPATION STATISTICS

No. of Keynote Speakers: 7 (4 from UK, 1 from Lebanon, 2 from Iraq)

- Submitted Papers: 46 (submitted by 106 researchers)
- Accepted Papers: 35
- No. of Countries: 15 (United Kingdom, UAE, Lebanon, Oman, USA, KSA, Jordan, Malaysia, Cyprus, Iran, Portugal, Tunisia, Australia, France, Iraq).
- No. of Presented Papers and Keynote Speech): 31+7
- No. of Sessions: 9 Scientific Sessions + opening and closing.
- No. of Organizers: 3
- No. Of Sponsors: 4

ATTENDANCE STATISTICS (FROM TIU AND FROM OTHER INSTITUTIONS)

From TIU: 73

From Other Institutions: 96

Total number of Conference submitted manuscripts		7 Keynote speakers + 35 papers
Main countries the manuscripts submitted from		United Kingdom, UAE, Lebanon, Oman, USA, KSA, Jordan, Malaysia, Cyprus, Iran, Portugal, Tunisia, Australia, France, Iraq
The main tracks of the Conference		1.Track 1: Artificial Intelligence Technologies 2.Track 2: Health and Wellbeing 3.Track 3: Education Transformation 4.Track 4: Finance and Business Innovation
Submitted and Accepted Papers/ Abstracts	Track 1	No. of submitted papers/abstracts: 15 No. of accepted papers/ abstracts: 11
	Track 2	No. of submitted papers/abstracts: 22 No. of accepted papers/ abstracts: 18
	Track 3	No. of submitted papers/abstracts: 11 No. of accepted papers/ abstracts: 9
	Track 4	No. of submitted papers/abstracts: 5 No. of accepted papers/ abstracts: 4

Please attach the following documents as appendix to the present report:

- 1) The conference agenda
- 2) Some conference photos
- 3) List of TIU staff attended the conference
- 4) List of Non-TIU staff attended the conference
- 5) all material evidence of media coverage
- 6) Abstract/Proceedings Book
