

Student Graduation Project Competition/Report

Title of the Event:

Second Student Graduation Project Competition 2026

Dates & Venue:

June 2–4, 2026

Ibn Sina Hall, Dentistry New Building, Tishk International University

Names of the Organizing and Sponsoring Bodies:

- Tishk International University
- Participating Academic Departments of Tishk International University

Objectives of the Event

- To provide students with a platform to present and showcase their graduation projects.
- To encourage academic excellence and research-based learning.
- To promote innovation and creative solutions to contemporary challenges.
- To recognize and reward outstanding student achievements.
- To prepare students for participation in regional and international innovation forums.

Main Results / Outcomes

- Twenty-eight graduation projects from fourth- and fifth-year students were presented.
- Students demonstrated high levels of creativity, innovation, and research capability.
- Projects were evaluated by a specialized jury committee using academic and innovation criteria.
- The top three projects were selected and awarded First, Second, and Third Place. **(pharmacy, Computer Engineering and Aviation Engineering)**
- The winning projects were nominated to represent Tishk International University at the Arab Union Forum for Student Innovation and Training in cooperation with **Al-Zaytoonah University of Jordan**.
- The event strengthened the university's culture of research, innovation, and academic excellence.

Student Graduation Project Competition/Report
